## THINGS I WOULD LIKE YOU TO KNOW ABOUT ME:

Oh Lord – I am sooo scared.

I grew up in the wild and never really trusted anyone except my Agnes – I miss her so!! This house is HUGE!!! At night-time I love to go out and about as everyone is asleep, and then I can explore all over the house – There are lots of rooms and we can go anywhere we like! It is very exciting.

During the daytime I stay under the bed in my new Mum’s bedroom. There are lots of great beds under there for me to choose from, and they call it the under-bed city!! Cool huh!?

My brothers Pepito and Mr. Magoo spend quite a lot of time with me, but they seem to be able to go out and be stroked and cuddled by the humans without being scared.....I wish I was brave enough to do that. Maybe one day I will!

I would like to tell you about the food here – WOW!! I love it. It tastes different from what I am used to, but I really like it. Gail puts my plate in my bed with me and I always eat it all up.....in the hopes I might get a little more!

I have two gardens, but the one I would really love to go out in at night is closed by the time they all go to bed – I wonder why.....
