

“LINDA”

THE FACTS:

DATE OF BIRTH:
Unknown - 2005 approx

ARRIVAL AT BH: 2007

A LITTLE ABOUT MY HEALTH:

Good I think!

MY VET:

Not sure what that is but I guess it is Gail!!

THINGS I WOULD LIKE YOU TO KNOW ABOUT ME:

They call me “La Linda” you know!
I am named for another cat who looked just like me I’m told – here she is – what do you think?! Gail loved her very much.
She also was a wild cat like me and was named for Linda McCartney, who they tell me was very famous!! That’s nice.
My parents taught me that humans are not nice and I must stay away from them. I am confused though now because these people seem really nice and they give me really lovely food.
I guess I must be careful and not trust them.
I know they would like me to go into their house but I can’t
You know something else? – they have lots of other cats in their house and they can’t get out – that is scary!!
I love the food they give me – it tastes almost like the mice I eat, when I am able to catch them – but so much better!
I have become quite a lot bigger since Gail has been feeding me!
