A LITTLE ABOUT MY HEALTH:

It's pretty good I think – at least I feel good. They say I am anemic and in chronic renal failure, but I'm not sure what that means!

MY VETERINARIAN:

I don't have one yet, but I will very soon!!

THINGS I WOULD LIKE YOU TO KNOW ABOUT ME:

I live in the BrightHaven clinic.
It is my room now, and I am very proud.
I like to watch the world going by and it is very busy in the clinic – just such fun!
I love to meet all the people who come to visit us – everyone is so wonderful.
I love Margaret the best as she always brings me kibble treats!!
People call me a senior, whatever that is – but please know that I really love to play!
I adore catnip – could you bring me a toy perhaps?
I don't much like other animals, but funny – I am starting to make friends with some of them. I hated Joey the dog in the scary wheelchair, but he seems to actually be quite sweet.
I love to watch Edie walking in and out – she is very beautiful and I envy her confidence.
Norton is becoming my friend – I see he is shy like me and so maybe we can become friends.
I would like that very much.
For a long time I did not like the food here very much, but now I see I was silly – it is really yummy and I eat it all up as fast as I can!!
I am very happy!
